# Airbus A318/A319/A320/A321 (CFM 56) to Airbus A319/A320/A321 (IAE V2500) B1 + B2

## Course overview

This course focuses on the differences between the CFM56 and IAE V2500 engines, equipping participants with the knowledge to perform maintenance tasks safely and in compliance with EU Regulation 1321/2014 – Part 66, Appendix III.

Upon successful completion, participants may apply for an endorsement for V2500 engines on their Part 66 license.

## Adressed to

- Licensed B1 and B2 technicians with Part 66 or equivalent.
- Professionals seeking to add V2500 to their certification scope.
- MCC, CAMO & Engineering personnel working with the A320 Family.

## Course details
